

Dear Seniors/Parents-Guardians,

It's time to start thinking about senior ads. I know it seems early, but I have to know how many pages to order and turn in for the yearbook company. I will need you to place your order before students leave for Christmas break, but I don't have to have the money at the time of ordering. I will need the money by March 24th, 2023. Please keep in mind that all pictures will have to be turned in by 1 week after prom. The method to turn in pictures is your preference; you may email images, bring in in person, use a flash drive, or a variety of all three. It takes a long time to create these pages, and we want for all parties involved to be pleased with the outcome. You may go ahead and begin bringing pictures now if you choose. All pictures will be returned when pages are complete. With that in mind, it would be helpful if you gave us some sort of background and layout plan when turning in the pictures. The background is what will be behind the pictures on your page, and the layout is the way you would like your pictures placed on your page. The background can be practically anything. Just let us know. Looking at old yearbooks is always a great place to look for ideas.

Please circle the ad size you would like to order, and write the student's name below.

One full page ad.....\$125.00

1/2 page ad.....\$75.00

Name: _____

By signing this letter, you are responsible for payment for your ad page. If not paid by the due date, you will be placed on the senior debt list. Please return this letter to Ms. Green or a yearbook staff member by December 16th to reserve your page.

Thank you,

Nicole Green
Yearbook Adviser
